GRENACHE BLANC 2021

WOLF & WOMAN Grenache Blanc is made from grapes yielded by a single vineyard, which grows in the Voor-Paardeberg region in granitic soils. The singular nature of the terroir of the Voor-Paardeberg is underpinned by the influence of the South Westerly wind which starts to blow here in the afternoon. Viticulturists call this wind the "Table Bay air-conditioner". It allows the vineyards to cool down at night, which means the grapes ripen slower and maintain their acidity better.

All of the grapes were picked early in the morning, packed in crates and allowed to spend 24 hours in a cold room. The following day the grapes were whole bunch pressed, and then went directly into 500L old oak barrels where natural fermentation was allowed to occur, after which the wine matured for 10 months on the lees before bottling.
